- STOP 6 - RAINBOW BRIDGE ELEVATOR
- STOP 7 - PIKE PARKING GARAGE
- STOP 8 - WALK OF 1000 LIGHTS
- STOP 9 - VICTORY PARK & PACIFIC AVE.
- STOP 10 - PINE AVE. & BROADWAY

STOP 1 - FRONTENAC CT & MAPLE WAY

Little pockets of urban art and life exist everywhere.

Look around, what you see? How does it feel? What stands out to you?

STOP 2 - LINDEN AVE. & OCEAN BLVD.

What did you notice about where we just were?

What do you notice about what lies in front of you?

STOP 3 - SHORELINE & MARINA GREEN

How do you feel crossing this street?

Is this a place you want to be?

What would you rather see and experience here?

STOP 4 - SHORELINE VILLAGE

What does walking through here feel like?

What about where we just were? How could Alamitos Beach and the Marina be linked to Downtown Shoreline? What opportunities would linking these areas create? How often do you visit Marina Green and Why?

STOP 5 - SHORELINE & PINE AVE

Romelia Cuarenta Aguilar was killed here in October crossing the street with a stroller.

What could we do to make this intersection safer to cross?

STOP 6 - AQUARIUM WAY IN THE PIKE

Have you ever wondered why there are no food stalls within the Pike?

Though this road is public property, due to the lease agreement with the Pike Outlets, it is in effect private property, and they can set the rules on who is and is not allowed to be here.

Notice the food trucks parked out on Shoreline Drive?

STOP 7 - PIKE PARKING GARAGE

What does it say about a place when its second tallest structure is only one of its parking garages?

Who was this built for? Is it for residents of Long Beach?

STOP 8 - WALK OF 1000 LIGHTS

How does walking through this alley feel?

Does it feel different than the one in East Village?

How does walking through here compare to walking through Shoreline and along Shoreline Drive?

STOP 9 - VICTORY PARK & PACIFIC AVE

Did you know that this is the city's oldest park?

Is it easy to tell? What could be changed to communicate this better?

Would you want to spend time here? Why or why not?

STOP 10 - PINE AVE. & BROADWAY

Pine Ave is the heart of downtown.

Notice those silver holes in the road? Those are where bollards could be placed.

How do you think this street would feel if we left them in there and opened Pine to pedestrians and bikes and scooters only?
